Forecast For Wales
Issued by Met Office Exeter
at 0400 on Monday 25 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold and largely dry with sunny spells for Monday.

Today:
A cold and largely dry start across the country, with some localised showers for the northern and the western areas. Freezing fog patches may be slow to clear in places. Remaining dry with sunny spells during the afternoon. Maximum temperature 6 deg C (43 deg F).

Tonight:
Staying dry with clear skies during the evening and night across the country with a few clouds covering the southern areas. Remaining cold and frosty. Minimum temperature -2 deg C (28 deg F).

Tuesday:
A band of rain, heavy at times spreading eastwards across the country during the day. Sleet, snow and ice are likely over hills. Further rain overnight. Feeling milder. Maximum temperature 10 deg C (50 deg F).

Outlook for Wednesday to Friday:
Cloudy with outbreaks of rain for Wednesday, turning heavy and persistent overnight. Becoming windy with coastal gales. Morning showers for Thursday and Friday but turning dry overnight. Rather mild.
